AROMATIC SPA DROPS: FRENCH VANILLA FRAGRANCE

Elk Grove, CA – For more than 800 years, Vanilla has been used to soothe, heal and even seduce. First used by indigenous South American cultures, it was imported to Spain where its popularity swept Europe, inspiring the great perfume houses of Paris and the trade routes to the New World and the Orient.

One of the most versatile and popular spices, Vanilla was used in folk medicine to alleviate stress, soothe jangled nerves and even as a tonic for everything from stomach upset to weight loss. Today, science is beginning to prove these old wives' tales with studies at major hospitals and universities. Vanilla is the only edible member of the orchid family.

The scent of Vanilla evokes warm memories of childhood cookies and ice cream, but it can also inspire romance. In fact, it's a woman's secret weapon of seduction – studies prove that the scent of Vanilla has an aphrodisiac effect on many men.

This delectable fragrance is one of six new Aromatic Spa Drops by Backscratchers Salon Systems, Inc. The debut Aromatic Spa Drops collection includes six scents: Lavender, French Vanilla, Eucalyptus, Sweet Orange, Sandalwood and Balsam Fir. Developed to enhance the Heavenly Soles Complete Foot Care System, Aromatic Spa Drops transform pedicure baths and massages into personalized bliss.

Add 3-15 drops of French Vanilla to a footbath for a sensuous and relaxing experience. 1-3 drops added to Comfort Moisturizer will send a client home with luxuriously fragranced skin. A guide is included with suggested scent combinations for both men and women. French Vanilla Spa Drops can also be used in a diffuser to infuse the entire spa or salon with an uplifting fragrance.
